DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

2. Claims 1-11 and 13-47 are allowed (renumbered as 1-46).
3. The following is an examiner's statement of reasons for allowance: many references in the art disclose a location-dependant personal organizer for operation with a memory for storing a plurality of appointment entries each including data specifying a time and place comprising a locating unit in the form of a GPS receiver capable of determining the location of the personal organizer; a clock capable of determining the present time; an alerting unit for generating an alert to a user, such that found in Tognazzini (US 5,790,974). The prior art of record does not teach or suggest, in the claimed combination, an alert processor coupled to a memory, a locating unit, a clock and an alerting unit and capable of actuating the alerting unit at a period before the stored time for an appointment entry that is dependant on the stored place for that appointment entry and the determined location of the personal organizer, the alert processor being further arranged to actuate the alerting unit in a manner dependent on the stored place for that appointment entry and the determined location of the organizer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
